## RANGER® FOUR-POST TABLES

INSPIRED WORK STARTS HERE

Optimize workspaces in classrooms, offices, and homes with the Ranger Steel Four-Post Tables. The tables are available in 5 different sizes with options for tool and shallow drawers to optimize storage. All tables provide a worksurface that tilts 50 degrees from horizontal and a steel apron on the front allows paper to slide through without wrinkling—a feature that's reversible if you'd like to use it as a pencil ledge. Tables also are made-to-order, so you can customize your paint and laminate finishes to complement the design of your space. Simple, classic, and exceptionally durable, the Ranger tables will withstand the rigors of even the most demanding environments and facilitate productive ideation and inspired design.
